Subject: I disagree with SB650

Hello,

My name is Jessica Wing, and I want to make it known that I am in complete disagreement with SB650. I think it is ridiculous that this law would strip people of their due process. I think it extremely unconstitutional that it would take someone's LEGALLY owned firearms, ammunition, magazines, and clips, on the WORD of someone who may or may not be telling the truth. There is far too much leeway in this. There are already laws and statutes on the books to help people who are getting restraining orders. Enforce the existing laws, no need to make new, UNCONSTITUTIONAL ones. I also dislike that there is nothing stated about the return of someone's property and permit. And that there are no repercussions for someone who makes a false claim.

So, once again, I disagree with SB650. I disagree with every part of it.

Sincerely,
Jessica Wing
